YEFF Deliverable 2.3: **National and regional websites**

Project: YEFF – Young Energy Efficiency

The sole responsibility for the content of the websites lies with the authors. It does not necessarily reflect the opinion of the European Union. Neither the EASME nor the European Commission are responsible for any use that may be made of the information contained therein.

YEFF: D 2.3 National and regional websites

Senercon in collaboration with the work package leader co2online provided the template and the static content in English for 1 European and 8 national websites. The websites has an innovative, responsive design which guarantees that the website can be used on all different end devices such as smart phones, tablet and regular desktop computers.
